

*-for the cow, the milk and the milker...*

*Newsletter from SAC, January 2016*

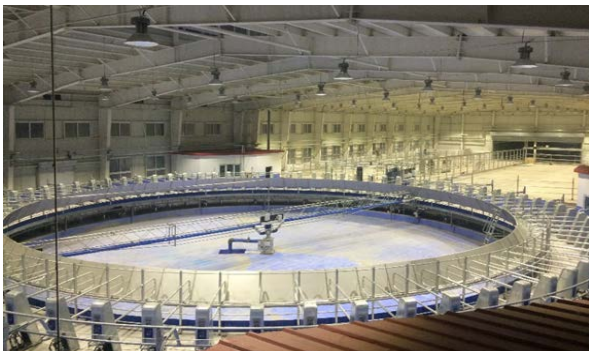

## *SAC – full-line supplier to all milk producers*

*SAC supplies various milking rotaries from 28 to 80 places*

*In the January edition of the German TOP AGRAR, SAC has been commended for their excellence in quality, high capacity and robustness of the SAC milking rotaries.*

*Photos – SAC External milking rotary 44 places from Holland ...*

*In China, we are ready to milk with the SAC 80 places rotary in a megafarm in the north-western part of the country.*

# **SAC CENTER VEST DK– goodbye and hello!**

*On Friday 15 January 2016, about 150 guests visited SAC Center Vest A/S Denmark, to say goodbye to the former owners and to welcome the new owner.*

*The owner of SAC, Steen A. Christensen, gave a very nice and personal speech to the former group of owners.*

*SAC Center Vest A/S extends its sincerest thanks to the many customers, suppliers, business partners and colleagues for their participation in the event.*

# MDS UNITRACK – Heat – Health - Herd

*Sold and installed the first UNITRACK system in Sweden containing all 3 elements:*

*Accuracy in Heat*

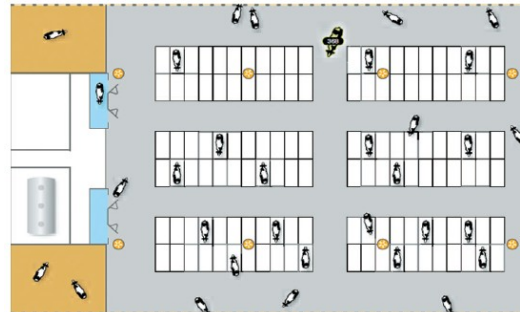

*Health indication monitored by eating time*

*Keep track of your Herd and find the exact position of the cow when you need her*

## ***Frigiva Gård (the farm):***

*"The cows are 'flying' on the screen, it is working very well, we are happy to have this system."*

# ***Foldable Wash Bracket***

*SAC launches a new foldable wash bracket. It is made of stainless steel and the high quality corresponds with the demands from the dairy farmers.*

*The improved design is providing better handling of the cluster. The wash bracket is foldable so that it can be folded away during milking.*
